

Set Design

Make an instant impact

A fundamental element of any conference or event is the design of the set. This can be used to:

- Communicate key messages to the audience
 - Improve brand recognition
 - Create atmosphere
 - Introduce a theme
- and much more.

Whether you want your set to be highly professional, light-hearted, or perhaps offer the best of both worlds, P&MM have a wealth of experience creating eye-catching designs for companies large or small. We make the very most of the often restricted space available, to ensure that your audience is engaged from start to finish.

How can we help?

Our in house production experts will guide you through every aspect of designing your set. With years of experience we can help you with any or all of the following:

- 3D graphics
- Rigging
- Lighting
- Props
- Costumes
- Room dressing
- Walk-through experiences

We take the stress out of the design, plan and build and are experts in overcoming the numerous practicalities to consider.

Fresh thinking, inspired concepts and creative solutions

p&mm
events and communications

Why clients invite us to work with them

Our clients benefit from working with us because:

- As one of the major events and communications companies in the UK we have greater buying power and preferred supplier relationships.
- We are ISO and Investors in People accredited.
- We have financial security through floatation on the AIM, at the London Stock Exchange.
- Our creativity and unique approach delivers events that have won an unprecedented number of industry awards year after year.

Who we work with

P&MM work with blue chip companies, trade associations and businesses in the UK and Europe. Clients span a wide range of industries including:

- Automotive
- Finance
- IT
- Manufacturing
- Pharmaceutical
- Telecommunications
- Utilities
- Multi level marketing

With over 40 years experience, P&MM's Events and Communications team are specialists who bring a wealth of international experience to creating world class events. Give us a call for further information, case study examples of our work or simply to run some ideas by us.
