

Help your employees stretch their salary further

Save as you spend with Spree-plus

In today's tough economic climate giving your staff the opportunity to make their salary go further is a benefit that everyone should take advantage of. Spree-plus is a fantastic new way of enjoying savings on everyday shopping with leading high street stores but without the drawbacks of paper vouchers.

Spree-plus is a debit card which uses MasterCard prepay technology and when used at our retail partners, earns the holder savings on their purchases.

Retail partners include:

Argos, American Golf, Asda, Boots, B&Q, Burton, Comet, Debenhams, Domino's Pizza, Dorothy Perkins, Ernest Jones, Evans, Goldsmiths, Halfords, HMV, Homebase, House of Fraser, H Samuel, JJB Sports, Leslie Davis, Marriott, Mothercare, Miss Selfridge, New Look, Outfit, River Island, Sainsbury's, Thorntons, TGI Fridays, Topman, Topshop, Wallis, Waterstones, Virgin Experience

Give your staff more

By registering for a card employees are able to load funds as and when they want. Staff are free to spend whenever and wherever they want, giving them far greater flexibility than with other schemes. Spree-plus can be used for payment of groceries, fuel, online shopping, purchasing gifts, even as a savings tool for holidays, a new kitchen and so much more.

How it works

Once employees have registered and received their card they choose when to top it up and with what value. They can then make savings of between 4.5% and 15% by shopping in a range of high street stores.

Next time they top up their Spree Plus card their savings will be added to their balance. Savings on the average grocery shopping bill alone means the card pays for itself within the first few months of usage.
